

Call for questions on delivery of sensitive drugs

The audience is invited to submit questions on the workshop topic, which are discussed during the podium discussion. Please direct your questions to schneid@pharmazie.uni-wuerzburg.de or use the respective field in the registration form.

Call for abstracts

PhD students and postdocs are invited to submit abstracts for poster and oral presentations. Please use the abstract submission form available at the conference homepage (see registration) to submit your abstract and indicate your preference for poster or oral presentation.

The submission deadline ends on Friday, February 10th 2012.

Registration

For registration please use the pdf form available at the conference homepage www.akmeinel.pharmazie.uni-wuerzburg.de/crs/

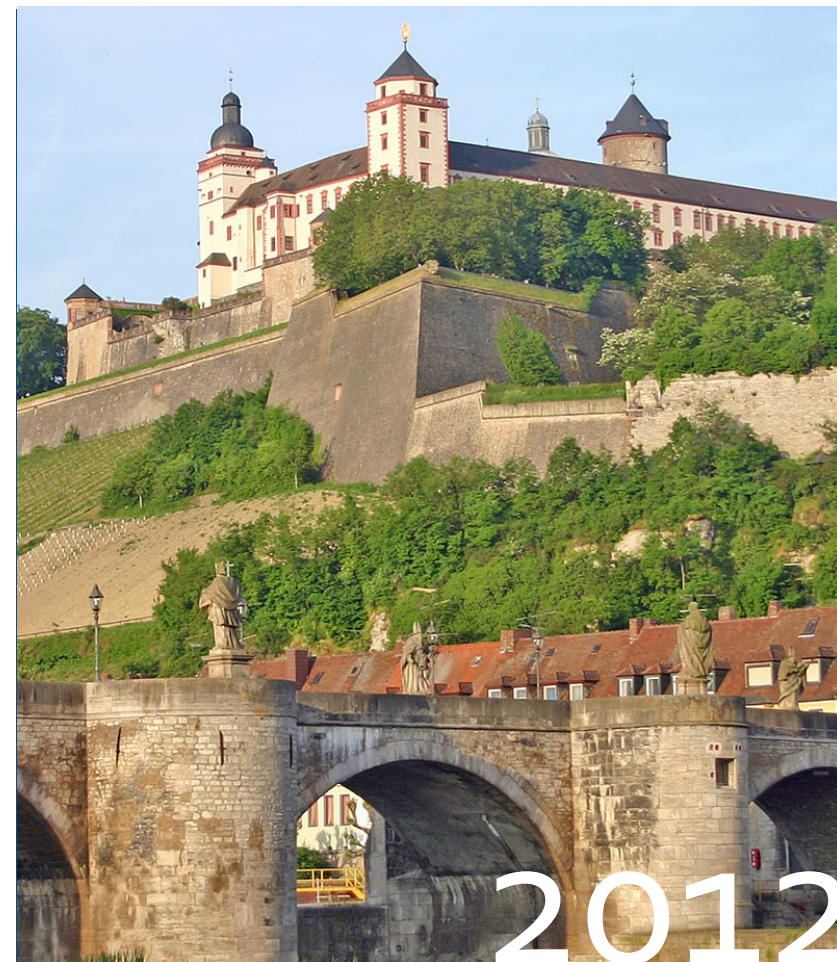

Conference Venue

The conference is held at the new „Hörsaal- und Seminargebäude“ at the Campus Hubland (red cross on map) close to the Institute for Pharmacy and Food Chemistry (yellow circle on map)

For traveling directions please visit our homepage:

2012

Controlled Release Society Germany Local Chapter Meeting

Würzburg, March 29th and 30th, 2012

Agenda

Thursday, March 29th, 2012

Workshop „Controlled Release of Sensitive Drugs“

13:00 – 13:10

Welcome Note

Prof. Dr. Dr. Lorenz Meinel, University of Würzburg, Germany

13:10 – 13:40

„In situ forming parenteral depot systems and drug polymer interactions“

Prof. Dr. Thomas Kissel, University of Marburg, Germany

13:45 – 14:15

„Novel polymer platforms opening opportunities for peptide delivery“

Prof. Dr. Robert Gurny, University of Geneva, Switzerland

14:20 – 14:50

„Novel delivery systems for proteins and experiences and lessons learned from advanced development“

Dr. Ruud Verrijck, OctoPlus N.V., Leiden, The Netherlands

14:55 – 15:25

„The future of drug delivery: an industrial perspective“

Dr. Boris Obermeier, Evonik Industries, Darmstadt, Germany

15:30 – 16:00

„Controlled drug release systems in large scale: from development to production“

Dr. Stefan Scheler, Sandoz GmbH, Kundl, Austria

16:00 – 16:30

Coffee Break

Agenda

16:30 – 17:30

Podium discussion

Moderator: Prof. Dr. Dr. L. Meinel

“New avenues in development of polymeric drug delivery systems for sensitive drugs“

19:30

Evening event

Friday, March 30th, 2012

8:30

Opening of the conference hall – Poster Session

9:00 – 10:30

Presentation Session 1

Selected presentations of PhD students and Postdocs

Session Chair: Prof. Dr. Oliver Germershaus

10:30 – 11:15

Coffee Break and Poster Session

11:20 – 13:00

Presentation Session 2

Selected presentations of PhD students and Postdocs

Session Chair: Dr. Tessa Lühmann

13:00 – 13:45

Lunch and Poster Session (Meeting of members CRS Germany)

14:00 – 14:15

Best Poster and Presentation Award

Closing Remarks

Prof. Dr. Dr. Lorenz Meinel
